

Colouring In Dress Up Belle

Belle & Boo Wardrobe

Make a wardrobe for Belle's clothes out of an old shoebox or other small cardboard box.

To make the doors:

Carefully cut doors in the lid like the diagram below. Cutting the large dashed lines and creasing the small dashed line. Print and affix these wardrobe doors to the flaps you have just cut.

Make a clothes rail by making a hole on either side of the shoebox and insert a straw or pencil to be the rail. (If either of these aren't long enough you could use string)
